ABOUT US

ABOUT US

Qingdao XJZ International Logistics Co.,Ltd

A PROFESSIONAL LOGISTICS SERVICE BRAND

Founded by Mr. Zhan Guojiang, a veteran with over 20 years of experience in the maritime supply chain industry, Qingdao XJZ International Logistics Co., Ltd. is a comprehensive logistics enterprise focusing on international vessel services.

STRATEGIC GEOGRAPHICAL LOCATION

Located in the Qingdao Area of the China (Shandong) Pilot Free Trade Zone, at the starting point of the Maritime Silk Road, we leverage both port and policy advantages to build a global logistics service network.

RELIABLE QUALIFICATIONS & HARDWARE SUPPORT

The company operates a bonded warehouse with Class C1 fire protection qualification, equipped with a professional warehouse management system and handling equipment. We provide compliant, safe and efficient bonded warehousing and distribution services for marine lubricants, spare parts and more, delivering solid hardware support to the global marine supply chain.

About Us

SENIOR PROFESSIONAL TEAM

The company's core team has deep-rooted experience in the shipping and logistics industry for many years, with rich hands-on expertise. We are able to accurately understand customer needs and efficiently solve complex industry pain points, dedicated to delivering high-quality, fast and reliable services.

We provide one-stop solutions for domestic and international shipowners and onshore enterprises, including:

- Bonded warehousing and ship supply of marine lubricants
- Door-to-deck logistics distribution of global marine spare parts
- Bonded transit and ship supply of marine spare parts

INTEGRITY | FOCUS | PROFESSIONALISM | EFFICIENCY

02

CORE BUSINESS

Core Business 1:

Bonded Lubricant Warehousing & Logistics

Leveraging our Class C1 fire safety-certified bonded warehouse, we deliver an end-to-end marine lubricants solution — from customs declaration and bonded warehousing to on-demand vessel supply. By leveraging bonded zone policies, we effectively reduce customers' capital tie-up costs.

Bonded Storage

Function: Secure storage provided in a Class C1 fire-rated bonded warehouse.
Advantage: Goods remain under bonded status upon receipt, with duty and tax payments deferred — significantly easing **customers'** working capital pressure.

Professional Customs Clearance

Function: Fast-track declaration via the “Single Window” system, supported by our experienced team handling complex customs procedures.
Advantage: Efficient clearance enables prompt warehouse receipt and delivery, keeping your supply chain running smoothly.

Efficient Vessel Supply

Function: Flexible, small-batch, multi-delivery services tailored to your requirements.
Advantage: Direct delivery to designated ports or shipyards, enabling on-time “warehouse-to-vessel” fulfillment.

Cost Optimization

Defer duties and VAT to reduce capital tie-up

Flexibility

Bulk procurement, batch release for improved inventory turnover

Safe Storage

Customs-compliant facilities ensuring product integrity

Efficient Clearance

Expert team supporting expedited customs processing

Core Business 2:

Global Spare Parts Door-to-Deck Logistics

We provide end-to-end "Door-to-Deck" logistics services, seamlessly connecting spare parts suppliers worldwide with vessels at ports across the globe. By eliminating unnecessary intermediaries, we deliver spare parts directly from the supplier's warehouse to the vessel's deck, ensuring high efficiency and precision in every shipment.

Efficient logistics from the supplier's warehouse directly to the vessel deck, ensuring precision and safety in spare parts delivery.

Value Proposition: **Streamlined end-to-end service eliminates intermediaries, significantly enhancing delivery efficiency.**

FULL-CHAIN SERVICE PROCESS

01 Order Monitoring & Tracking

Track order progress and monitor spare parts movement in real-time to ensure on-time delivery.

02 International Transport & Customs

Leverage premium air/sea freight options and global port clearance expertise for fast, unimpeded delivery.

03 Direct Deck Delivery

Arrange secure trucking and direct delivery to the vessel, ensuring safe delivery of spare parts right to the deck.

CORE SERVICE ADVANTAGES

Global Network & Cost Advantage

Coverage of over 2000 ports worldwide, reducing logistics costs and enhancing price competitiveness.

Process Simplification

Achieve a seamless "one-stop" solution from supplier to vessel deck, simplifying the supply chain.

Timeliness Guarantee

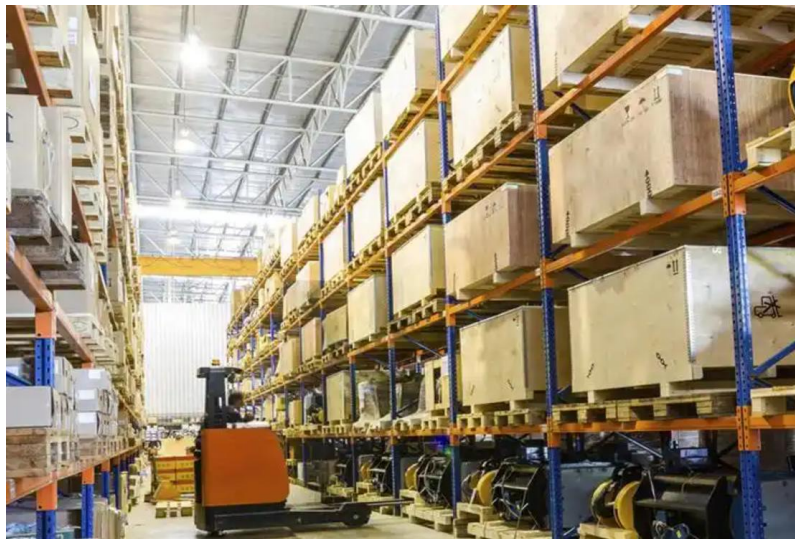

Provide air, sea, and charter services to ensure delivery timeliness.

Core Business 3:

Bonded Transfer & Vessel Supply for Ship Spare Parts

For international vessels calling at ports in China, we leverage the policy advantages of bonded warehouses. After completing customs transit procedures, we can directly declare and deliver spare parts stored in bonded warehouses to vessels at destination ports, achieving an efficient service model of "One-time Filing, Multi-point Supply".

STANDARDIZED SERVICE PROCESS

01 Bonded Warehousing

Customers store spare parts in Qingdao Bonded Warehouse to reduce capital tie-up.

02 Customs Transfer Application

After receiving the vessel's instruction, we apply to Qingdao Customs and handle the customs clearance procedures.

03 Efficient Transportation

We transport the spare parts to the destination port via specialized vehicle fleets.

04 Port Vessel Supply

Customs declaration and direct vessel delivery upon approval.

Cost Reduction & Efficiency: Import duty exemption maximizes customer profit space.

Flexibility & Efficiency: Break geographical restrictions to achieve rapid response and supply across ports.

Full Compliance: Strictly follow customs supervision regulations to ensure every step is legal and traceable.

03

CORPORATE PHILOSOPHY

Corporate Philosophy

Corporate Mission

With professional bonded warehousing and logistics capabilities, we provide global shipping clients with efficient, safe and compliant one-stop vessel supply chain solutions to ensure worry-free operations throughout their voyages.

Corporate Vision

To become a leading domestic and internationally renowned supplier of bonded marine lubricants and spare parts, building a global efficient ship supply logistics network and establishing ourselves as an industry benchmark.

Core Values

Compliance First: Uphold the bottom line of industry norms.

Efficient Delivery: Ensure accurate and timely service fulfillment.

Professional Excellence: Forge core competitive advantages through in-depth expertise.

Customer Centricity: Always align our services with customer needs.

Built on professionalism, rooted in service — XJZ Logistics is ready to join hands with global shipping partners for a win-win future.

Ms. Shao

www.qdxinjiuzhou.com

A large container ship is shown from a side-on perspective, sailing on a calm sea. The ship is loaded with many colorful shipping containers in shades of blue, red, and yellow. The ship's hull is white, and it has a dark blue upper section. The background is a clear sky with a gradient from light blue to a soft orange near the horizon, suggesting a sunset or sunrise. The water is dark blue and reflects the ship and the sky. The text 'THANK YOU' is written in a large, white, sans-serif font, centered over the ship. A thin white horizontal line is positioned just below the text.

THANK YOU
